freedom libraries the untold story of libraries for african americans in the south as the civil rights movement exploded across the united states the media of the time was able to show the rest of the world images of horrific racial violence and while some of the bravest people of the 20th century risked their lives for the right to simply order a cheeseburger ride a bus or use a clean water fountain there was another virtually unheard of struggle this one for the right to read although illegal racial segregation was strictly enforced in a number of american states and public libraries were not immune numerous libraries were desegregated on paper only there would be no cards given to african americans no books for them read and no furniture for them to use it was these exact conditions that helped create freedom libraries over eighty of these parallel libraries appeared in the deep south staffed by civil rights voter registration workers while the grassroots nature of the libraries meant they varied in size and quality all of them created the first encounter many african americans had with a library terror bombings and eventually murder would be visited on the freedom libraries with people giving up their lives so others could read a library book this book delves into how these libraries were the heart of the civil rights movement and the remarkable courage of the people who used them they would forever change libraries and librarianship even as they helped the greater movement change the society these libraries belonged to photographs of the libraries bring this little known part of american history to life

Unlocking the Mystery of Minutes to Hours: A Simple Guide

Time management is a crucial skill, whether you're planning a project, scheduling appointments, or simply trying to fit everything into your day. Understanding how to convert units of time, like minutes to hours, is a fundamental step in this process. This article simplifies the conversion of 1700 minutes to hours, breaking down the process into manageable steps and providing practical examples.

Understanding the Basics: Minutes and Hours

Before we dive into the conversion, let's establish the relationship between minutes and hours. There are 60 minutes in every hour. This is a fundamental fact that forms the basis of all time conversions involving minutes and hours. Think of it like this: an hour is a larger unit of time containing 60 smaller units called minutes.

Converting 1700 Minutes to Hours: The Calculation

To convert 1700 minutes into hours, we need to divide the total number of minutes by the number of minutes in an hour (60). The calculation is straightforward: 1700 minutes / 60 minutes/hour = 28.33 hours Therefore, 1700 minutes is equal to 28.33 hours.

Deciphering the Decimal: Dealing with Partial Hours

The result of our calculation, 28.33 hours, includes a decimal. This decimal represents the portion of an hour that's left over after we've counted the whole hours. To understand this better, let's break it down: 28 hours: This represents 28 complete hours. 0.33 hours: This is a fraction of an hour. To convert this decimal into minutes, we multiply it by 60: 0.33 hours 60 minutes/hour = 19.8 minutes Therefore, 28.33 hours is equivalent to 28 hours and approximately 20 minutes.

Practical Applications: Real-World Examples

Let's look at a few real-world examples to solidify our understanding: Example 1: Imagine you're tracking your work hours. You worked for 1700 minutes this week. Knowing that this is equivalent to 28 hours and 20 minutes helps you accurately report your time. Example 2: You're planning a long road trip. If your estimated travel time is 1700 minutes, you know it will take approximately 28 hours and 20 minutes, allowing you to plan accordingly for rest stops and meals. Example 3: You're analyzing the time spent on a project. Knowing that 1700 minutes equals almost 29 hours helps you better assess the project's duration and efficiency.

Key Takeaways: Mastering Time Conversions

The key takeaway is that converting minutes to hours is a simple process of division. Remember the fundamental relationship: 60 minutes = 1 hour. By understanding this and utilizing simple division and multiplication, you can effectively convert between these units of time. Practicing these conversions will enhance your time management skills and improve your accuracy in various contexts.

Frequently Asked Questions (FAQs)

1. How do I convert hours back into minutes? To convert hours back into minutes, simply multiply the number of hours by 60. For example, 28 hours 60 minutes/hour = 1680 minutes. The slight discrepancy with our original 1700 minutes is due to rounding in the decimal portion of the hour calculation. 2. What if I have a different number of minutes? The process remains the same: divide the total number of minutes by 60 to get the equivalent number of hours. 3. Are there any online calculators to help with this conversion? Yes, many online calculators are readily available to convert minutes to hours and vice versa. A simple search for "minutes to hours converter" will provide various options. 4. Can I use this method for other time conversions (like seconds to minutes)? Yes, the same principle applies. To convert seconds to minutes, divide the number of seconds by 60. To convert minutes to seconds, multiply by 60. 5. Why is the decimal important in the conversion? The decimal represents the leftover portion of an hour, which can be crucial for accurate time management and planning. Ignoring the decimal might lead to inaccurate estimations of time. Converting the decimal to minutes provides a more precise understanding of the total time.
