through his life leaving no stone unturned they interview widely they travel extensively the only result is bafflement since all they meet have either no motive for murder or an unassailable alibi in his despair at bringing the affair to a successful conclusion the chief inspector hands the case to another detective team wickfield however despite this set back uncovers with a flash of inspiration as clever as it is fortuitous a devious and subtle plot that has deceived his colleagues the joy of this book however lies not just in the unravelling of the mystery but in the politico philosophical theories canvassed the style the dry humour and yes the erudition as always in falconer the reader has access to all the information available to the investigating team and the tiny slip up that leads to unmasking the murderer is displayed for all to see if you re up to it falconer fails to spot it fortunately for us the inspector is sharper settle down in a comfortable chair and enjoy this latest offering from the pen of a master of the genre book reviews online publishedbestsellers website

bookdown authoring books and technical documents with r markdown presents a much easier way to write books and technical publications than traditional tools such as latex and word the bookdown package inherits the simplicity of syntax and flexibility for data analysis from r markdown and extends r markdown for technical writing so that you can make better use of document elements such as figures tables equations theorems citations and references similar to latex you can number and cross reference these elements with bookdown your document can even include live examples so readers can interact with them while reading the book the book can be rendered to multiple output formats including latex pdf html epub and word thus making it easy to put your documents online the style and theme of these output formats can be customized we used books and r primarily for examples in this book but bookdown is not only for books or r most features introduced in this book also apply to other types of publications journal papers reports dissertations course handouts study notes and even novels you do not have to use r either other choices of computing languages include python c c sql bash stan javascript and so on although r is best supported you can also leave out computing for example to write a fiction this book itself is an example of publishing with bookdown and r markdown and its source is fully available
